ABOUT ME

I am a first-year B.Tech student specializing in core with a strong interest in data-driven technologies and automation. I am passionate about learning new programming skills, exploring AI applications, and developing innovative solutions. As a dedicated learner, I aim to gain hands-on experience through projects and internships to build a strong foundation in the tech industry.

EDUCATION

Bachelor of Technology (B.Tech) in Artificial Intelligence and Machine Learning
Runhta International Skills University, Bhilai
2025 - 2029

Higher Secondary (ISC Board)
Completed in 2025- Science Stream

Secondary Education (ICSE Board)
Completed in 2023

ACHIEVEMENTS

Completed beginner-level projects and workshops related to Artificial Intelligence and Machine Learning.

Participated in college technical and cultural events, enhancing teamwork and communication skills.

Recognized for consistent academic performance and active class participation.

Attended coding and AI webinars to build practical and technical knowledge.

SKILLS

Technical Skills

- Programming: Python, C, Java (Basics).
- AI & ML Concepts (Beginner Level).
- Data Analysis & Visualization.
- Jupyter Notebook, Google Colab.
- MS Excel & PowerPoint.
- Basic Knowledge of Algorithms and Data Structures.

Soft Skills

- Communication
- Teamwork
- Problem-Solving
- Time Management
- Adaptability
- Creativity

INTEREST

- Web Development.
- App Development.
- Cloud Computing.
- cybersecurity.
- Attending Tech Workshops & Hackathons.
- Exploring New Programming Languages.
- Designing & Creative Thinking.
- Research in AI & Future Technologies.
- Volunteering & Leadership Activities.
